

Camp Shaw-waw-nas-see, May 2023
Registration Screening Questionnaire

- Has your child had any of the following symptoms in the last 10 days that has not been associated with a known/diagnosed condition?
 - Fever or chills
 - New cough
 - Shortness of breath or difficulty breathing
 - Fatigue
 - Muscle or body aches
 - Moderate to severe persistent headache
 - New loss of taste or smell
 - Sore throat
 - Congestion or runny nose
 - Nausea or vomiting
 - Diarrhea

- Has your child tested positive for COVID-19 in the past 10 days?

- Has your child been in close proximity (6 feet or closer for at least 15 minutes) to anyone who has tested positive for COVID-19 in the past 10 days?

Campers meeting any of the above criteria should be tested prior to registration. If the camper has had a confirmed case of Covid more than 10 days ago they may attend assuming they are currently symptom free. These campers may continue to show up positive on rapid testing even though they are no longer contagious.
